## Relevant Experience

**Full-stack Engineer · Afrib AI Limited**   July 2024 — Oct 2024
Internship

- Configured and deployed the company's Odoo ERP system to manage internal business operations including CRM, Accounting, Inventory, and HR.
- Designed and implemented the full-stack architecture for a Legal AI assistant that supports legal research and document drafting.
- Ensured all core applications were fully Dockerized for consistency across development, staging, and production environments.
- Participated in code reviews, sprint planning, and knowledge sharing sessions to improve engineering practices and team efficiency.

**Frontend Developer · E-novation Centre**   March 2024 — June 2024
Apprenticeship

- Built, styled, and shipped high-quality mobile applications using React Native and Next.js for web applications
- Worked alongside student colleagues in integrating the frontend and backend of mobile applications
- Came up with prototypes for the mobile application UI to ensure a favorable user experience

**Software Engineer · IntelliSOFT Consulting Limited**   July 2023 — Oct 2023
Internship

- Built and styled high-quality websites and systems for a diverse array of clients using technologies such as JavaScript, React, Sass, Node.js and Angular.js
- Collaborated with UI/UX designers on improving the report systems for projects in the company, so as to ensure consistent user experience
- Collaborated with other student developers on projects to complete updated tasks as per client requirements
- Worked alongside project managers and other engineers to transform creative concepts into refined digital experiences

## Education

### The University of Nairobi
Bachelor of Science in Computer Science

Sept 2021 — May 2025

### Makueni Boys' High School
Kenya Certificate of Secondary Education
K.C.S.E

March 2017 — April 2021      A (minus)

### Premese Makueni Academy
Kenya Certificate of Primary Education
K.C.P.E

Jan 2014 — Nov 2016      A (minus)

## Skills

**Programming Languages**
JavaScript,TypeScript, PHP, C++, C, HTML, CSS, Sass

**Libraries & Frameworks**
React, Next.js, Node.js, Express.js, React Native, Laravel, Tailwind CSS

**Tools & Platforms**
Git, Github, MySQL, PostgreSQL, Docker, Vercel, Figma

## Selected Projects

### CS Haven
07/2023 - 11/2023

Application that allows students to share their projects and carry out discussions

### Digital Occurrence Book
02/2023 - 05/2023

System that digitizes the operations of police stations when handling the O.B.

## Certificates

### Responsive Web Design (freeCodeCamp)
Issued March 25, 2023

Earned skills in web development using HTML and CSS

### Algorand Blockchain Hackathon
Issued April 19, 2024

Earned skills in blockchain development using Algorand and secured a 3rd place position in the hackathon

## Interests

Web accessibility, solving puzzles, reading books, playing board & video games
